## Benefits

Finish	NuOil® - No recoat at time of install Best stain protection & color retention VOC Neutral 100% Renewable w/Warranty intact
Structure	Guaranteed Third Party Certification Truecore - FSC® Certified Highest Green Certification Lifetime Structural Guarantee
Clean Air	CARB II - Exempt from CARB II ATCM

## Features

Length:	Random up to 6'2"
Width:	7.5"
Thickness:	5/8" thick 4 mm sawn-cut face Truecore Centerply
Surface Texture:	Hand Sculpted & Lightly Wire Brushed
Finish:	NuOil®
Usage:	Residential, EN31, EN32
Edge Detail:	Handcrafted bevel
Warranty:	Lifetime Residential finish Lifetime Residential structural  3 year commercial finish 10 year commercial structural

## Trim Options

Stair Nose	Reducer
T-molding	Threshold

## Maintenance

See Maintenance and Warranty Guide  
Carb II Compliant

## Installation

Installs over: concrete, wood, vinyl floors and radiant heat systems.  
Above, on or below grade. See complete installation instructions.

## Fumed Characteristics

### What to Expect with Fumed Floors

1. Regional Variation
2. Batch Variation
3. Plank Variation

All colors in the Alta Vista Collection are fumed

Fuming simply deepens the natural colors and highlights the contrast of the wood planks without using stain to cover them. Our process creates a naturally richer, darker, clearer floor with a higher contrast of colors from board to board.

#### What is Fumed Hardwood

This is a natural accelerated aging process used to enhance the dark to light shades within every wood plank, batch & region. The deepening in color and variation is created by adding a natural oxidizing agent in a controlled environment to react with the naturally present tannins in the wood – Time, Temperature & Tannins (naturally present in the wood) mix to create one of a kind planks that we add to our Collections. While a very controlled environment and process, it is not 100% precise, every region, grove and tree produces individually unique high contrast color palette.

## Light Characteristics

Wood Floor Plank with Natural Finish  
 Light\* Exposure Over 48 Months

Refer to [www.hallmarkfloors.com](http://www.hallmarkfloors.com) for latest, updated information.

## Wood Characteristics

### Color, Graining & Natural Changes

Wood flooring is a natural product that will feature distinct color and graining between planks. Each board contains large to small knots, sap wood, and a high contrast within the natural and lighter stained visuals. Knots and voids may or may not be filled with dark putty.

Note: This sample may not be representative of your entire installed floor, for your reference and the latest updated information, please refer to [hallmarkfloors.com](http://hallmarkfloors.com) to see our online room scenes and product galleries.

Before installation review the samples with the floor and verify our beautiful one of a kind floor is what you are expecting.

Installation constitutes acceptance.
